- **Other Limitations**
 - This warranty is non-transferable.
 - Manufacturing defect must be reported within 3 months from date of purchase.
 - This Warranty covers only properly installed & maintained floors.
 - Portico Systems excluded and will not pay for any consequential or incidental expenses.
 - Portico Systems reserves the right of final judgment and may refuse claims in certain instances.

MAINTENANCE

We recommend using a non-rising cleaner that leaves no film and suggest that you vacuum, sweep or dust mop twice per week. High-traffic areas might require more frequent cleaning. Wipe up food and other spills immediately using recommended cleaner and a soft cloth. You should NEVER USE ABRASIVE CLEANERS, POWDERS, OIL CLEANERS, WAXES OR DISH DETERGENT. These will scratch the surface or leave a film. When using a vacuum, if possible turn off the beater and use a hose or wand with an upholstery attachment. Vacuum wheel may also be a source for indenting and scuffing, check the wheels for embedded grit. To remove scuff marks you can use a soft cloth to rub it out. If they difficult to remove try using a product named "Oops Painter Wipes". Rinse the area well afterwards with clean warm water and allow to dry. Please note that these procedures may help remove stains from vinyl floors, but cannot guarantee complete removal. Burns, holes or "permanent" stains may require a replacement "patch of that section of the floor. To remove damaged planks you can use a hair dryer, which heats up the adhesive allowing the plank to be picked up. When the plank is up, use a wide blade putty knife and pull it out, then put the new plank down once the surface has been prepared. You should NEVER USE A HEAT GUN as this emits too much heat and will damage the planks.
