2' x 3'	3' x 10'	4' x 12'	6' x 20'
3' x 4'	3' x 12'	6' x 6'	8' x 20'
3' x 5'	4' x 6'	6' x 8'	
3' x 6'	4' x 8'	6' x 10'	

Widths:	Up to 10' or 120", no seams
Lengths:	Up to 350'

TECHNICAL SPECIFICATIONS

Electrostatic Propensity (EN 1815): Antistatic

FLAMMABILITY

Radiant Panel (ASTM E648): Class I
Smoke Density: Pass

LIMITED WARRANTY

Logo Warranty 1 year on flat surface

Summary of Warranty:

Portico Systems warrants Spectra Print HD against wear for a period of one [1] year in a commercial application. This warranty applies only to material that is properly installed and maintained, while being used as intended and recommended. If the defect is covered by this warranty and is reported to Portico Systems within the Warranty period, Portico Systems will supply new material of same or similar grade to repair or replace the defective material.

- Wear
Defined as complete removal of wear layer, pattern and color due to wear from normal traffic and maintenance. If the wear occurs within one [1] year from date of purchase, Portico Systems will provide replacement materials or repair, of only the effected area.

- Manufacturing Defects
Portico Systems warrants Spectra Print HD materials are free from manufacturing defects and will replace defective floor covering and reasonable installation costs for a period of up to one [1] year from date of purchase. Portico Systems will not pay labor costs to repair or replace materials that defects were apparent before or at the time of installation.
- Other Limitations
 - This warranty is non-transferable
 - Manufacturing defect must be reported within 3 months from date of purchase.
 - This Warranty covers only properly installed & maintained floors
 - Portico Systems excluded and will not pay for any consequential or incidental expenses.
 - Portico Systems reserves the right of final judgment and may refuse claims in certain instances.

*For a copy of the full warranty please ask for a warranty sheet

MAINTENANCE

Regular vacuuming (Weekly in low-traffic areas, and daily or twice daily in areas with higher traffic) with a motor-driven brush and beater bar can remove up to 80% of surface dirt, and is the easiest way to prolong the life of your carpet.

Regular vacuuming is key to maintaining your carpet, but eventually the carpet color dulls from dirt and grime stuck in the fibers. The dirt is then carried further into the building to form more soil reservoirs. Additionally, the oil content (15%) of the soil causes particles to stick to carpet fiber and resist vacuuming. To restore the carpet to its best condition, frequent light cleaning gives the best result and is often very cost effective.

IMPORTANT NOTICE

Colors are approximate. Due to variation in monitors, printers, and light source, we cannot guarantee that the colors in this image will be exactly match to your selection. Due to the limitations of printing technology on carpet, specified colors are matched as closely as possible, therefore we cannot accept claims for color variance. Print clarity is not guaranteed for any image or logo element that is "2 inches" or small. *Photo realization to colors may vary and are not guaranteed to match original document.
